

NEW HORIZONS

MEDICATION SAFETY 101

Join us for an interactive session focused on medication safety and proper disposal. This session will include a presentation on safe medication storage, the risks associated with unused/ expired medications, and available disposal options; followed by a hands-on medication disposal demonstration. There will also be a brief focus group discussion to share knowledge, experiences, and perspectives on medication safety, storage, and disposal. Your feedback will help us identify community needs, barriers, and opportunities for improving medication safety and disposal efforts.
